

Modern Aesthetics

Built to perfectly match any room

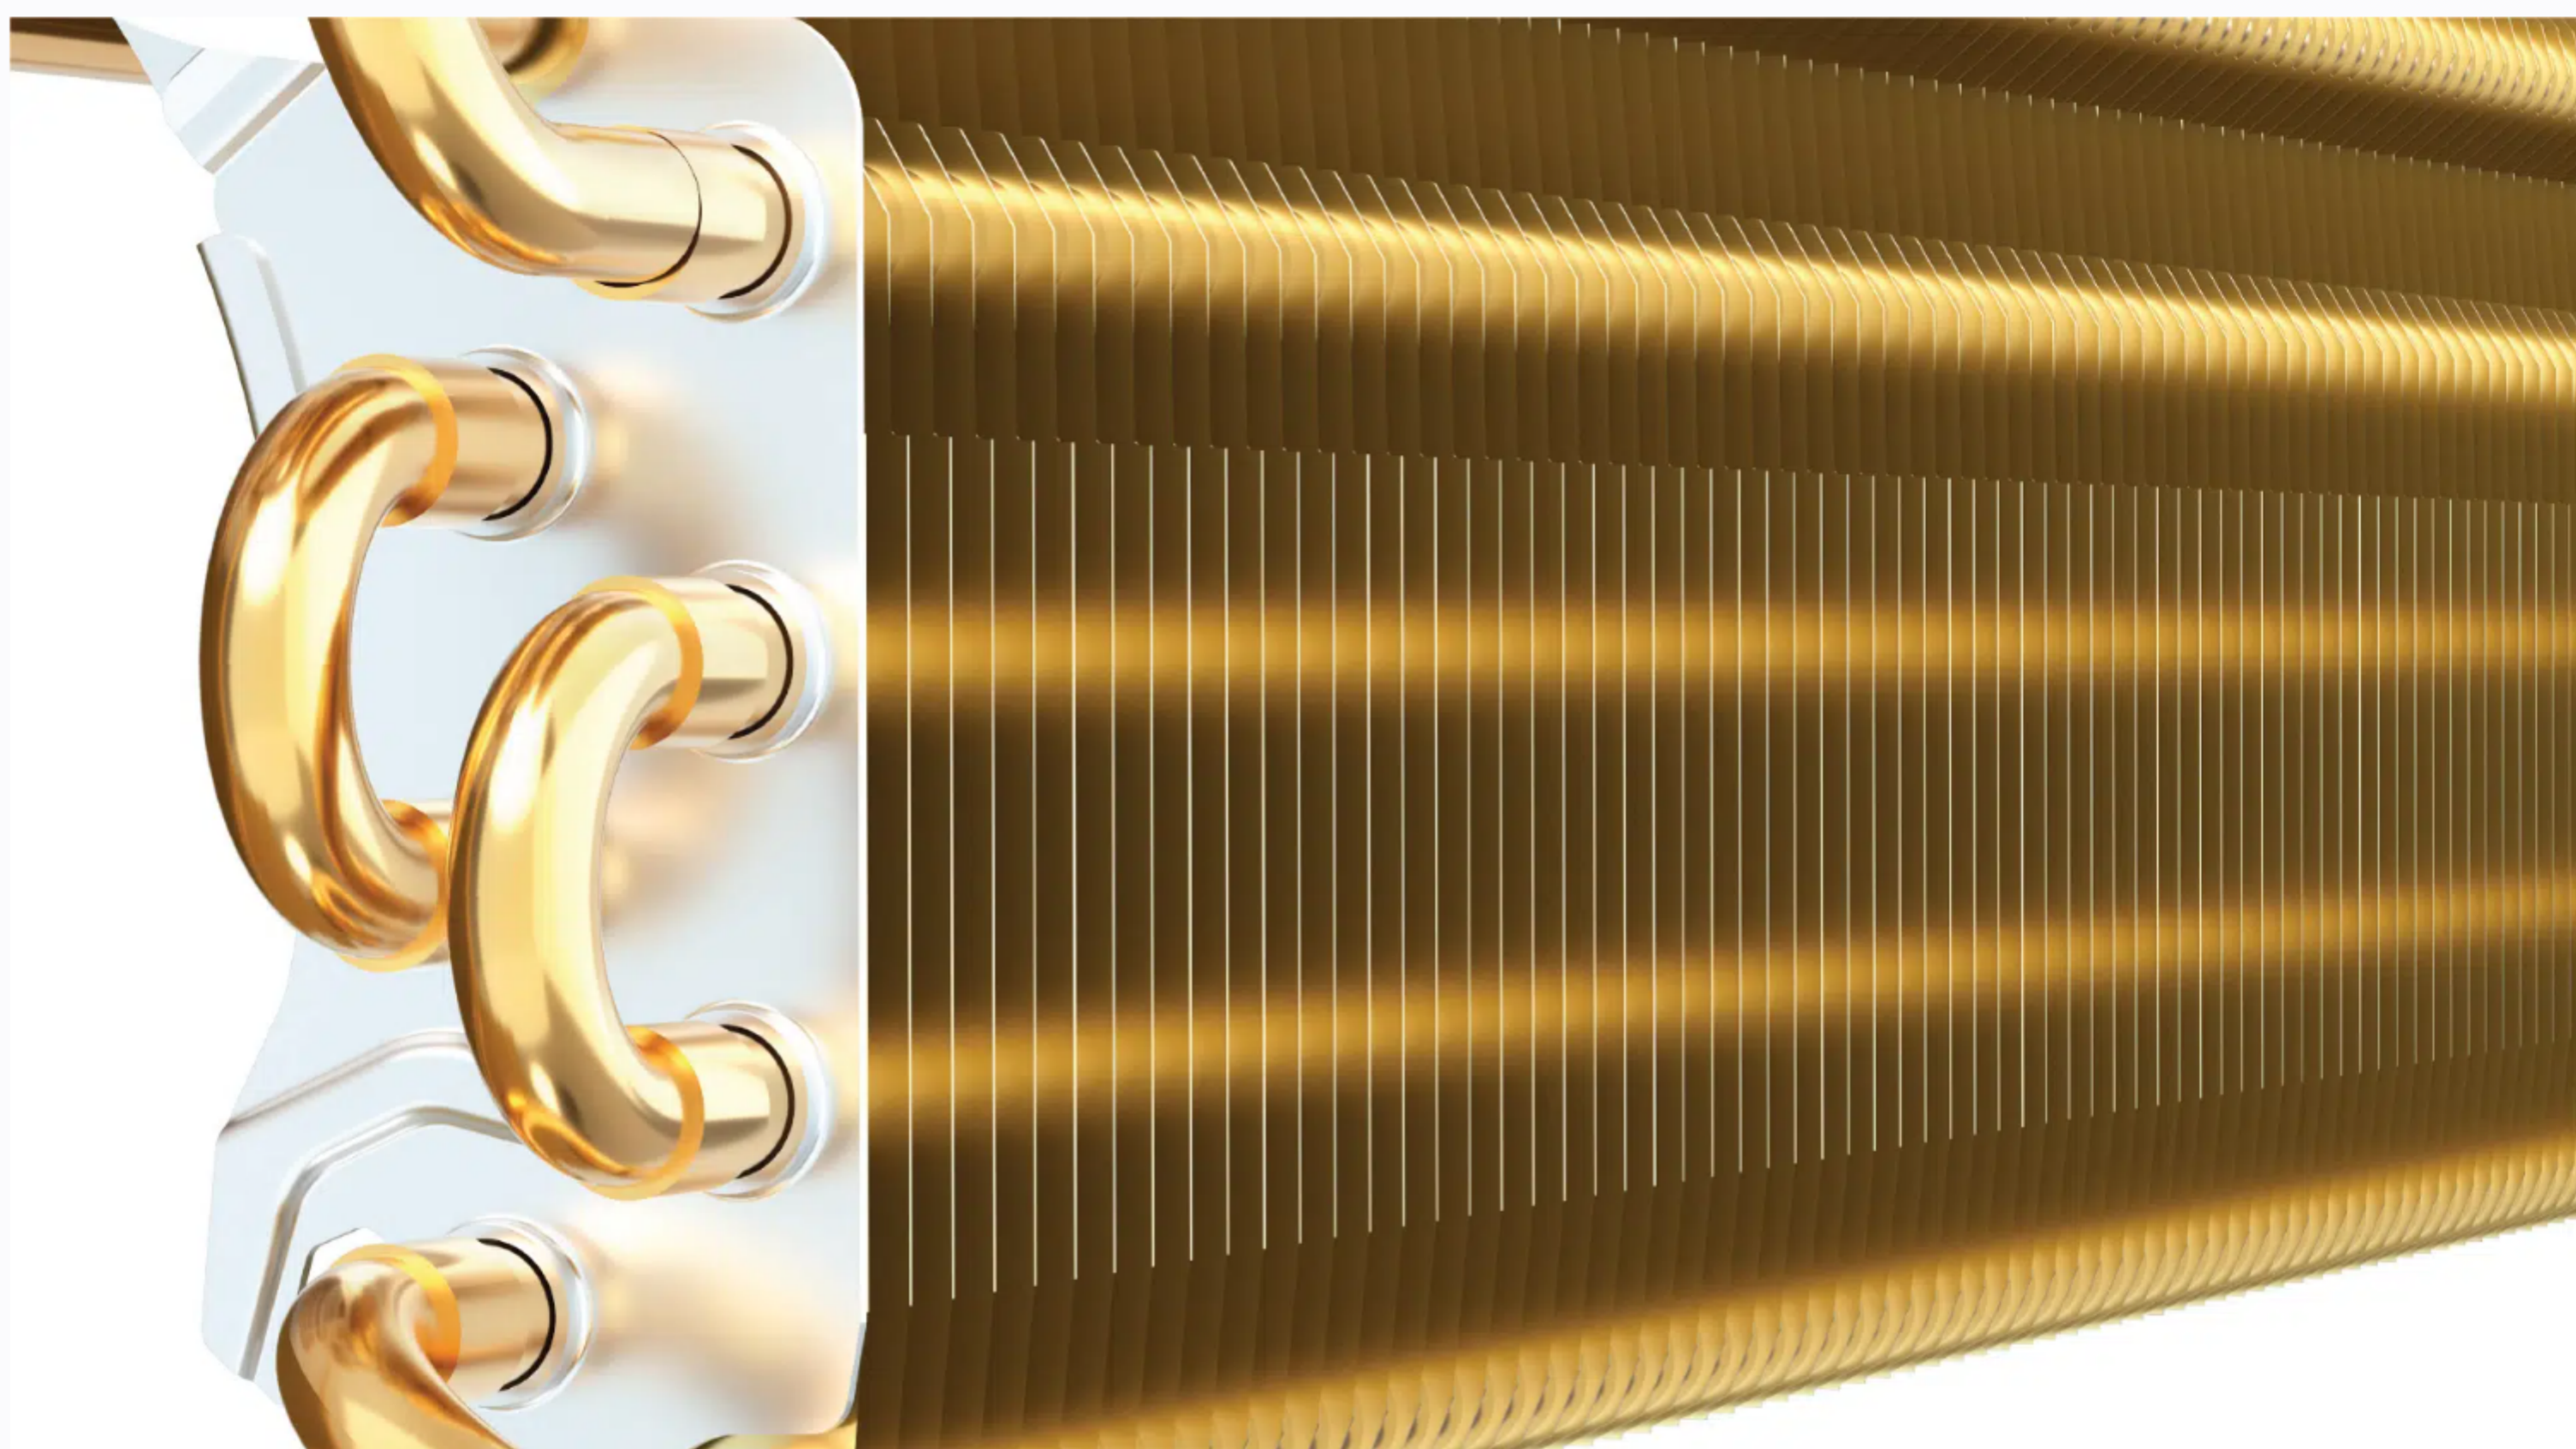

Fast Cooling

Set the fastest fan speed to blow the highest airflow to achieve fast cooling.

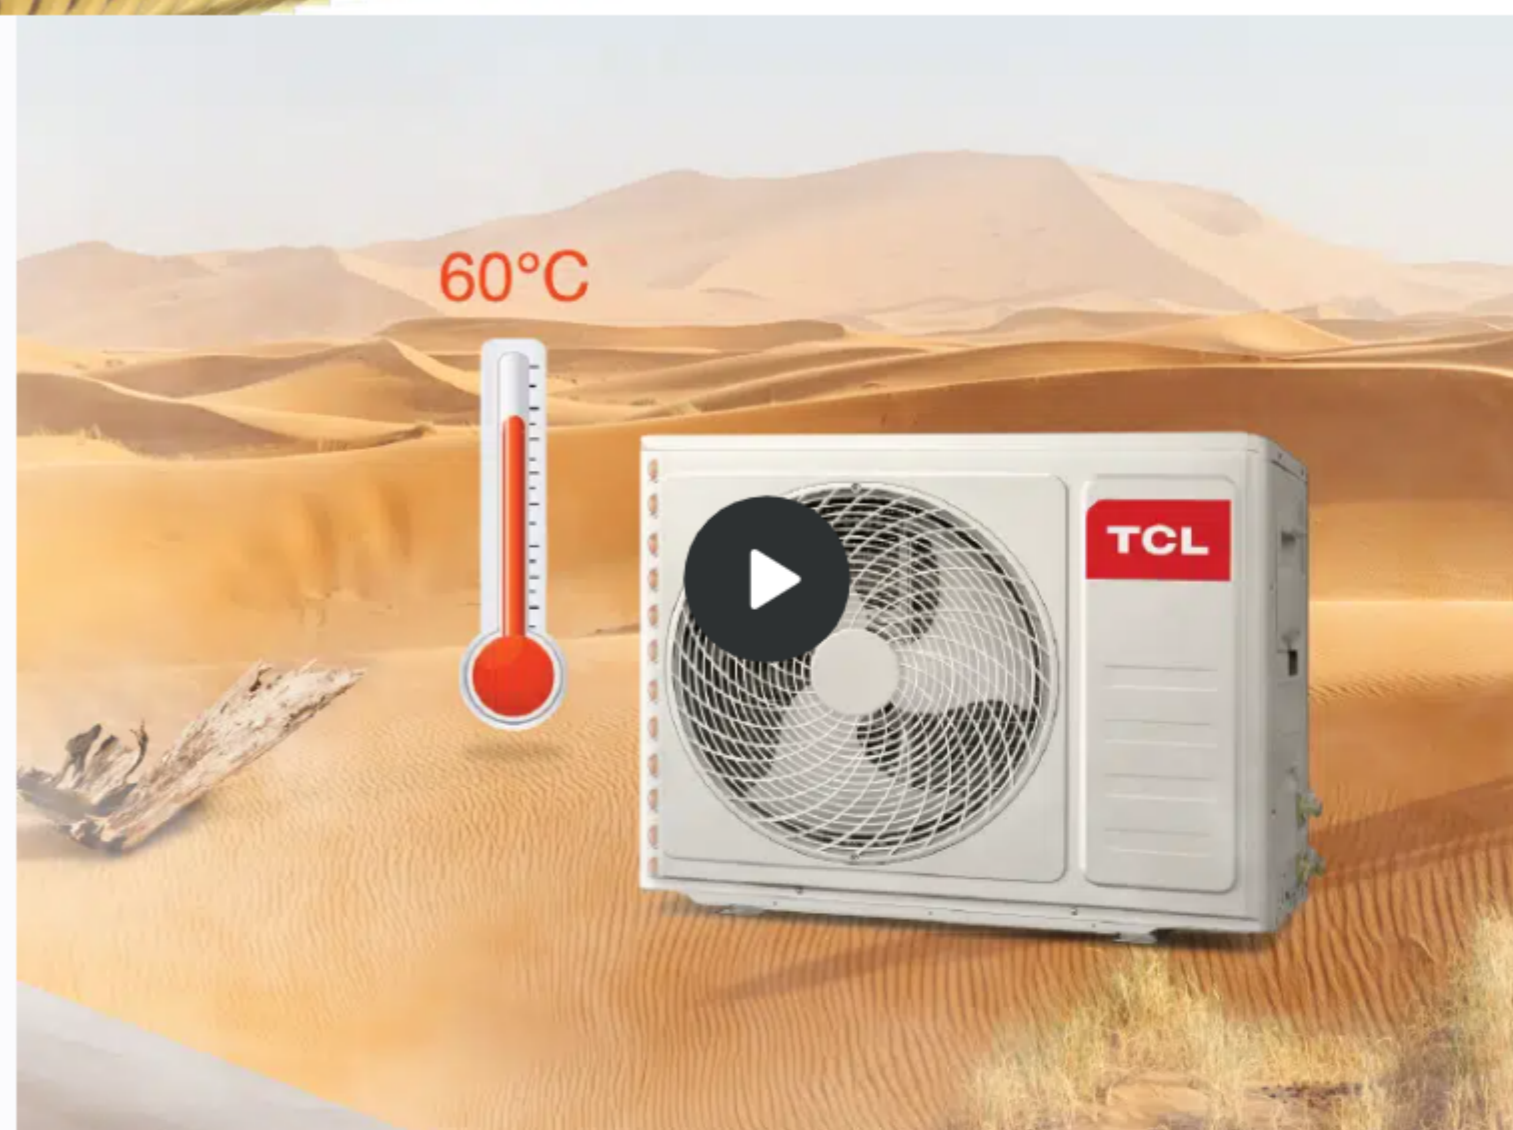

Golden Fin

Golden Fin is more resistant to oxidation & corrosion than ordinary fins for condensers to furnish a steadier and long-lasting working environment. It can efficiently prevent bacteria from breeding and spreading, and withstand corrosive element.

60°C Cooling

Stay cool no matter the outside temperature. The air-cooled E-box ensures continuous cooling even at 60°C ambient and 100% cooling capacity output at 50°C ambient.

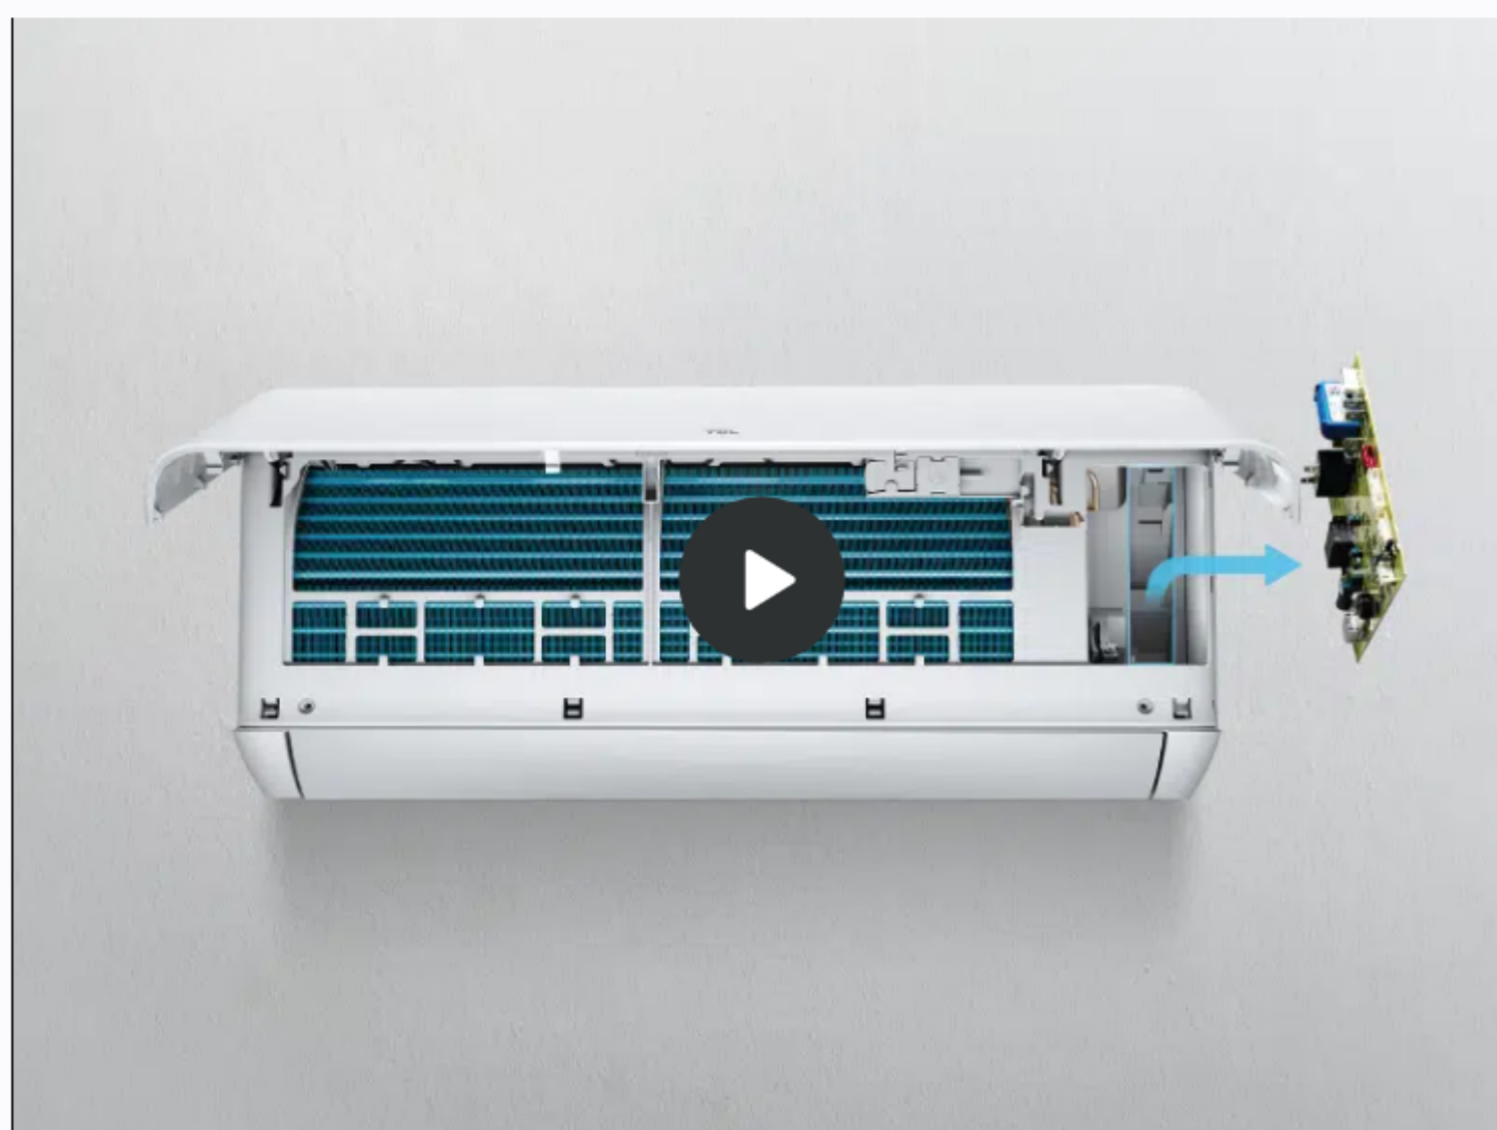

Easy Cleaning

Its advanced structure makes duct system & cross fan cleaning easy. Only 3 steps needed for a deeper cleaning.

Easy Installation

π design supporter allows the T-Pro to hang on and move easily for installation. To free the hands of installer and help them finish the work fast.

(*Supporter is available in product package.)

Easy Maintenance

Only 3 steps required to maintain the pcb:1.Open front panel; 2.Take dff PCB box cover; 3.Take out PCB for replacement.
